PJ Dempsey
Dempsey Uniform and Linen Supply, Inc
1200 MidValley Drive
Jessup, PA 18434

Dear PJ:

Thank you for making a commitment to the EPA Region 3 Sustainability Partnership initiative.

The partnership agreement signed by Dempsey Uniform and Linen Supply, Inc. on November 29, 2010 demonstrates the company's desire to voluntarily reduce energy, water use, and greenhouse gas emissions, as well as to optimize materials management, conserve resources, and prevent pollution by implementing cost effective environmental and business practices.

I will serve as your primary contact for EPA Region 3 and will coordinate with other EPA program specialists on your behalf. EPA's goal is to provide support and technical assistance to help Dempsey reduce their environmental footprint, provide tools to quantify economic and environmental benefits, and to share your results and successes. Please take a look at our Partner's Guide to the Mid-Atlantic Sustainability Partnership on our web site at http://www.epa.gov/reg3wcmd/spp/Partners_Guide_052010.pdf and other information about the Mid Atlantic Sustainability Partnership at <http://www.epa.gov/reg3wcmd/spp/index.html>

Please do not hesitate to contact me by phone at 215-814-2874 or via email at odonnell.tom@epa.gov to discuss any questions that you may have and to plan next actions. I have also included a certificate from the Region as a reminder of our appreciation for your commitment to improving our environment.

Sincerely,

A handwritten signature in blue ink that reads "Thomas O'Donnell".

Thomas O'Donnell
Environmental Engineer (N.A.H.E.)
